

Complete this permit application form **ONLY** for proposed construction in a regulatory floodplain of bridges, culverts, walls, and other structures that are not roofed buildings. Otherwise, see OMPC Form 301 for proposed construction of roofed buildings and OMPC Form 305A for proposed excavation, cut or fill activity. Reference: Zoning Ordinance, Sections 18-2, 18-3(c), 18-4.

KRS Chapter 151 requires approval from the Kentucky Division of Water prior to any activity in or along a stream that could in any way obstruct flood flows.

Date Submitted

Location of proposed activity

Give street address or other directions, stream name and mile, latitude, longitude, etc., as best describes location of construction activity.

Type of proposed construction activity

Bridge Culvert Other, specify below:

Will project affect a regulatory **floodway**? No Yes

Landowner
