The Owensboro Metropolitan Board of Adjustment met in regular session at 5:30 p.m. on Thursday, October 5, 2017, at City Hall, Commission Chambers, Owensboro, Kentucky, and the proceedings were as follows:

MEMBERS PRESENT: Judy Dixon, Chairman
Robynn Clark, Vice Chairman
Brian Howard, Director
Terra Knight, Attorney
Jerry Yeiser
Fred Reeves
Bill Glenn
Lewis Jean

* * * * * * * * * * * * * * * * * *

CHAIRMAN: I call the Owensboro Metropolitan Board of Adjustment October 5, 2017 meeting to order. The first item on the agenda is the flag and prayer. It will be led by Mr. Reeves.

(INVOCATION AND PLEDGE OF ALLEGIANCE.)

CHAIRMAN: The first item on the agenda is to consider the minutes of the September 7, 2017 meeting. All members have been mailed and received a copy and have had time to look them over.

At this time I'll entertain a motion to dispose of this item.

MR. REEVES: Motion to approve.
CHAIRMAN: Motion to approve by Mr. Reeves.

MS. CLARK: Second.

CHAIRMAN: Second by Ms. Clark. All in favor of the motion raise your right hand.

(ALL BOARD MEMBERS PRESENT RESPONDED AYE.)

CHAIRMAN: Motion carries unanimously.

----------------------------------------------

CONDITIONAL USE PERMITS

ITEM 2

420 Cedar Street, zoned R-4DT (postponed from the September 7, 2017 meeting)

Consider a request for a Conditional Use Permit in order to install a class 2 manufactured home in an R-4DT zone.

Reference: Zoning Ordinance, Article 8, Section 8.2A10B/7

Applicant: Kentucky Dream Homes; Hestia Properties

CHAIRMAN: Mr. Howard, I need to recuse myself from this item and ask my co-chair to take over.

MR. HOWARD: Thank you very.

MS. KNIGHT: Please state your name for the record.

MS. EVANS: Melissa Evans.

(MELISSA EVANS SWORN BY ATTORNEY.)

ZONING HISTORY

The subject property is currently zoned R-4DT Inner-City Residential. OMPC records indicate there have been no zoning map amendments for the subject property.

Ohio Valley Reporting
(270) 683-7383
The property is located within the Downtown Transition Overlay District and does not meet a number of the design requirements in Article 21 of the Zoning Ordinance.

The applicant requested The Historic Preservation Board grant exceptions to those requirements. The Historic Preservation Board met on September 28, 2017 and decided to forward recommendations of denial of the exceptions to the Board of Adjustment.

Staff research of the area via site visit and file research resulted in the determination that there are no other single-wide manufactured homes in the vicinity.

The applicant is proposing to install a new 2017, 14' by 66' manufactured home on the subject property and is seeking to install a gravel apron for the parking pad but install a concrete parking pad off the alley. The City of Owensboro does not allow gravel driveways or aprons in the public right-of-way. Also, as shown on the applicant's site plan, the deck will not be 10 by 10 but will be 100 square feet. There are existing mature trees on the site; however, they're not shown on the site plan that was submitted.

LAND USES IN SURROUNDING AREA
All surrounding properties are zoned R-4DT Inner-City Residential.

ZONING ORDINANCE

The class-2 manufactured home site standards based on the requirements of the Zoning Ordinance are as follows:

1. A concrete or asphalt parking pad to accommodate two 9' by 18' spaces as required.

2. A minimum 10' by 10' deck or patio is required.

3. A concrete sidewalk is required, but may be waived along rural roads without curbs.

4. The driveway apron shall not exceed 40 percent of the lot width.

5. The property is required to have at least three trees.

6. Manufactured home shall be permanently installed on a permanent foundation. A poured concrete or masonry block skirting wall shall be constructed beneath and along the entire perimeter of the manufactured home.

7. All wheel, trailer-tongue and hitch assemblies shall be removed upon installation.

8. The manufactured home shall be permanently connected to an approved water and sewer system when
The applicant has requested the required driveway apron to be gravel, although the City of Owensboro does not allow gravel driveways or aprons in the public right-of-way.

MS. EVANS: We would like to enter the Staff Report into record as Exhibit A.

CHAIRMAN: Is there anyone here on behalf of the applicant?

(NO RESPONSE)

CHAIRMAN: Anyone in opposition?

MS. KNIGHT: If you could state your name, please.

MR. DIXON: Tom Dixon.

(TOM DIXON SWORN BY ATTORNEY.)

MR. DIXON: Try to bear with me. It's been a while since I've been down here. Been a while since I've spoke before a group. Kind of bear with me.

Again, I am Tom Dixon. I live at 416 West Seventh Street. I've been there be 46 years in December. I've been waiting over 40 years for things to happen downtown and now they are. Things are really popping.

Back in the early '80 during the Miller administration we formed Neighborhood Associations.
We had four of them going through the core area.

That's before the ones that they have now, the new ones they have formed. During that time we came to the conclusion in order to rehab the downtown housing area that mobile home placement was not conducive to our goals. We fought for this and to my knowledge I guess, at least last 35 years, there has not been one placed within the core area; not to my knowledge.

When the downtown plan was adopted a few years ago, there were additional guidelines placed on the ordinances.

Cedar Street is an opening to new parking garage they're going to be opening, new hotel they're going to build and, of course, it runs right straight into the Civic Center and all, the new development.

The next block up The Diocese of Owensboro has built two or three new houses. Across the street from that Rick Pitino Shelter has built two or three new structures, and the rest of that block, which is 500 to 700 block of Cedar, has greatly improved.

Another thing is that mobile homes are taxed differently than I guess you'd say real property. So it really doesn't raise the housing stock in Owensboro or in the downtown area. The rehabilitation of these homes have brought up the tax in this area. Of
course, homeownership has increased in this area. Young couples are moving back in; they see the commercial and entertainment district. When people move in, they follow the guidelines of the Downtown Overlay District to meet the standards set by Article 21 of the Zoning Ordinance.

Let me just give you an example of a few things. The street I live on runs from Frederica Street right in the front doors of St. Stephens. I live on the south side, and the building that's closest to St. Stephens on the corner of Locust and Seventh has been completed gutted and renovated. The next house coming up has been. It's an older couple; he's an engineer. Next to my house it's been renovated. Then the next building a young man moved in works at Joe Berry in economic development. He moved in there about three or four or five months ago. Across the street on the corner, on the north side next to St. Stephens a young funeral director lives there, and that house has been renovated, wife and new baby. The next house up has been renovated. A young man, a stockbroker, and wife, they have a new baby. Next house up a young gentleman and his wife, I believe he's assistant pastor out here at Pleasant Valley Church. That shows you what's going on, what's
Right around the corner Rod Berry's home was put on the market Monday and sold Wednesday. That's right on the corner off of Seventh and Locust. It's not happening just here in this area. You go over on the east end and drive around and look at some of the property and things, they're really hopping, you know, since they put in the River Park Center, the new park, Civic Center and all. Things, it's like a steamroller. It's really beginning to grow. That's the point I'm going to bring up.

The Historic Preservation Board, my understanding, has recommended denial of this because it doesn't meet these standards. The Chair was quoted by the newspaper that there are reasons that these standards were set.

So I ask you to deny the Conditional Use request at 420 Cedar Street and help us continue on with this progress that we're making downtown.

Thank you, Ladies and Gentlemen.

MS. CLARK: Does anyone have any questions of Mr. Dixon?

(NO RESPONSE)

MS. CLARK: Does any board members have any further questions?
(NO RESPONSE)

MS. CLARK: If not we'll entertain a motion.

MR. REEVES: I move to deny this application based on the facts that it's already been heard by the Historic Preservation Board, considered by them, and they feel like that it's appropriate to deny this.

Also, this is in a historic neighborhood and to put in a manufactured home there would likely set a precedence that would alter the character of the neighborhood.

MS. CLARK: Motion to deny by Mr. Reeves.

MR. JEAN: Second.

MS. CLARK: Second by Mr. Jean. All in favor please raise your right hand.

(ALL BOARD MEMBERS PRESENT RESPONDED AYE.)

MS. CLARK: Motion carries.

I'll take one more motion.

MR. GLENN: Motion to adjourn.

MS. CLARK: Motion to adjourn by Mr. Glenn.

MR. REEVES: Second.

MS. CLARK: Second by Mr. Reeves. All those in favor raise your right hand.

(ALL BOARD MEMBERS PRESENT RESPONDED AYE.)

MS. CLARK: We are adjourned.
