

Applicant & Owner Information

In filling out this form, please note that the term **Owner/ Co-Applicant** is used to denote that the owner of the subject property is considered to be a party to this application and that the owner has authorized its submission, even when the primary applicant is not the current legal owner of the subject property. Applications for Certificate of Appropriateness within the Downtown Overlay Districts will be reviewed for compliance with Article 21, Downtown Overlay Districts of the Owensboro Metropolitan Zoning Ordinance. The Downtown Design Coordination Committee (DDCC) will meet within three (3) weeks of the receipt of a complete application for those items requiring committee review and forward their recommendation to the Zoning Administrator for final action. The Downtown Design Administrator (DDA) will forward his/her recommendation to the Zoning Administrator within two (2) weeks for those applications that do not require DDCC committee review. A pre-application meeting with the DDA is encouraged for appropriate information on the process and materials to be submitted for review. **See Page B4 of this application for an overview of the typical application process for downtown overlay district projects.**

Site Plan Drawing Architectural Drawings

Submit copy of drawings that illustrates the items in the following list. A site plan must be submitted for all new construction projects, including additions and for open space projects, parking areas, site landscaping and screening projects. Exterior rehabilitation and renovation projects, façade maintenance and interior only projects with no exterior features added do not require the submission or a site plan, but do require submission of building plans, architectural elevations and renderings as needed to demonstrate compliance with the Building Design Standards.

- Title block containing the name of the project, type of application, name and address of the applicant, plan preparer and owner and a written and graphic scale.
- Site plan showing all existing and proposed building locations, dimensioned parking areas if applicable, access locations, easements and any other features existing or to be placed on the property.
- Location of the subject property including delineation of underlying zoning, Overlay Character Districts, required and recommended streets (if any) and any special frontage requirements (if any).
- When subdivision of land is required, the layout of proposed blocks, lots, streets, easements, alleys, and trails, if any consistent with this ordinance and other ordinances and plans, as applicable.
- All proposed uses on the property and/or buildings. For buildings with mixed uses, indicate all uses within entire building.
- Street designation along all public frontages of the property and compliance with the building form and development standards for the specific Overlay Character District the property is located in.
- Screening, landscaping, and private open space provisions as required by Article 2.
- Distances, by dimension, of buildings to property lines and existing or proposed parking facilities (include parking layout).
- Building plans, architectural elevations and renderings of proposed building(s) and proposed renovations of existing building(s) including demonstration of compliance with Building Design Standards.
- Any other information that may be reasonably necessary to review and determine whether the proposed project complies with Article 21.
- Refer to attachments for additional information.

Description of Proposed Use/ Activity

In the space below or on an attached sheet, describe clearly and accurately the proposed use, activity, work, etc.

Public Right-of-Way Encroachment Approval

In accordance with **Section 21.142(m)**, any encroachment over, into or within public right-of-way, must be approved by the City of Owensboro or its designee in writing and shall include:

- A statement that allows the Zoning Administrator to issue a permit for encroachment to be placed within the public right-of-way; and,
- A written statement from the landowner holding the legislative body, the Downtown Design Administrator the Zoning Administrator, and the OMPC harmless from the placement of the encroachment within the public right-of-way.

Design standard deficiencies may be appealed to the Historic Preservation Board (HPB) for design standard exceptions. Applications for dimensional variances sought may be made to the Owensboro Metropolitan Board of Adjustment (OMBA). Applications to the OMBA require a recommendation from the HPB to be submitted with the application. Appeals to the Zoning Administrator's interpretation may be made to the OMBA with a recommendation from the HPB.
