

## Development Information

The table at right refers to the application materials required for submission, unless otherwise noted. The number of copies to submit is also noted. Please submit application forms only if required by the table at right or by the forms themselves.

A final development plan is required for approval by the OMPC or OMPC Director, as appropriate, prior to issuance of building permits in these cases:

1. B-1 Neighborhood Business Center.
2. Planned Residential Development Project.
3. Development in B-1 Neighborhood Business Center zones.
4. Development in B-3 Highway Business Center zones.
5. Development in MHP Manufactured Housing Park zones.
6. Multiple principal structures, where more than one principal structure is located on one lot in any zone.
7. Multi-business structures, where more than two connected business shops of separate use are located in any business zone in any lot configuration.
8. At OMPC discretion, where there are existing or potential substantial flood, drainage, sewage, traffic, topographic, land-use buffering or other similar problems relating to the development of property undergoing zoning change.

## Final Development Plan Drawing

### Scale: 100 feet or less to the inch

For number of copies to submit and when to submit original drawing, see "Application Materials to Submit" on page 1. A final development plan is a site plan from which a building permit will be sought. It is intended to deal with site design issues at a detailed level and to actually dictate the approved locations of buildings, parking areas, open spaces, landscaping, access points, and any other site design features.

### Contents of Drawing

The plan drawing shall contain the following items:

- ❑ **Title Block** containing the plan name, the type of development plan (as checked on page 1), name and address of developer and plan preparer; and a written and graphic scale.
- ❑ **Boundary** of the subject property and the zoning and owner names for all adjoining property.
- ❑ **Vicinity Sketch**, oriented in the same direction as the design scheme.
- ❑ **Topography** with contour intervals, grid elevations or spot elevations of sufficient detail to generally describe the lay of the land.
- ❑ **Vehicular and Pedestrian Ways.** Location, arrangement, and approximate dimensions of existing and proposed driveways, walkways, parking areas and arrangement of spaces, dumpster pads, points of ingress and egress, and other vehicular and pedestrian right-of-way.
- ❑ **Streets.** Location, profiles and cross-sections of any proposed or existing streets or deceleration lanes (when deemed necessary) within or abutting the subject property.
- ❑ **Screening and Open Space.** Landscaping, buffering (as required by Article 17), recreational, and other open spaces.
- ❑ **Buildings.** Approximate size, location, height, floor area, and use of proposed and existing buildings.
- ❑ **Signs.** Approximate size, location, height, and a schematic of proposed and existing signs.
- ❑ **Lots.** Approximate location of lot lines for projects anticipated to involve land subdivision.
- ❑ **Easements.** Existing and proposed easements for utilities or other purposes.
- ❑ **Electrical Service Lines.** Where known, locations of electrical service lines to buildings and yard signs.
- ❑ **Water Distribution System.** Existing and proposed water mains, service lines, and fire hydrants.
- ❑ **Storm Drainage Areas,** floodplains, conceptual drainage controls and storm water retention, and any other designated environmentally sensitive or geologic hazard areas.
- ❑ **Sanitary Sewers,** showing locations, types, sizes, manholes, and lengths and alignments of laterals.
- ❑ **Tree Stands.** Areas of substantial existing trees including those located along fencerows and drainage areas, along with a general description of the type and size of the trees.
- ❑ **Statistical Table** summarizing all pertinent site data, including site area, zoning, building coverage and floor area, parking, open spaces, etc.
- ❑ **Grading Note.** For projects of one (1) acre or more in area, a note stating that no grading, stripping, excavation, filling, or other disturbance of the natural ground cover

shall take place unless and until the city or county engineer has approved the developer's proposed soil erosion control procedures and, if required, a soil erosion control plan.

- ❑ **Building Permit Note.** A note stating that no building permits shall be issued unless and until a final development plan is approved by the OMPC or OMPC Director.

❑ **Certifications for SIGNATURES ON DRAWING:**
